Why protest F-35 deployment?

- TRAUMATIC NOISE LEVELS for Madison residents during regular practice runs
- FINANCIAL COSTS to City of Madison to relocate multiple northeast residents
- DECREASED PROPERTY VALUES in northeast Madison
- PFAS "FOREVER CHEMICALS" pollution in drinking water
- BOONDOGGLE plane
- Potential CRASHES because of high rate of mechanical problems
- the eventuality of NUCLEAR capability
- a continuation of OUT-OF-CONTROL MILITARY SPENDING and ENDLESS WAR

What is Tammy's involvement?

Despite her progressive record on many issues, Senator Baldwin has led the charge to bring the Boondoggle F-35 fighter jets to Madison, ignoring outcries put forth by a broad array of community organizations, progressive elected officials and concerned citizens from her own hometown against these dubious jets.

The No F-35 Action Faction calls upon everyone opposed to F-35 deployment at Truax Air National Guard Base to come together for this vigil & picket outside of this fundraiser charging \$50-\$1000 per head...***WE SHOULD NOT HAVE TO PAY TO BE HEARD!***

WE WELCOME PEACEFUL, NOISY PROTESTORS!

WE WILL NOT BLOCK ENTRY FOR BBQ PARTICIPANTS.
